The tents stocked in the General and Revenue Secretariat Tent Stores are mainly intended for issue to officers who are entitled to supply of tents for Government purposes and for use in connection with official functions. It has however, been usual whenever practicable, to lend out tents as a matter of courtesy to respectable and influential persons and bodies for use in connection with semi-public and private functions. To prevent indiscriminate requisitions and to recoup the cost of wear and tear caused thereby, the following rules for regulating the issue of tents for such purposes are published for general information:—

1. Loan of Government tents for use during semi-public and private functions is permitted only in favour of persons of approved respectability and shall be at the absolute discretion of the Secretary to Government, General and Revenue Departments.

2. Applications for loan of tents from the Government Stores should ordinarily reach the Secretary to Government, General and Revenue Departments, at least a week before the date on which they are required. The number and kind of tents and the period for which they are required, should be clearly specified in the application.

3. The Secretary to Government, General and Revenue Departments, may permit the loan of tents asked for, if they are available in the Stores and are not required for official purposes.

4. If the tents asked for can be made available, an intimation to that effect will be given by the Registrar to the applicant, together with a statement of the amount recoverable from him for the use of the tents in accordance with the following scale of fees:—

Shamianas, Durbar tents, double pole tents	... Rs. 2 0 0 each per diem
Single Pole tents and Swiss Cottage tents	... „ 1 0 0 „
Hill tents, Sleeping Pals and Shooting Pals	... „ 0 8 0 „
Rowties and necessary tents	... „ 0 4 0 „

The fees should be paid into a Government Treasury and the challan produced before the Registrar, General and Revenue Secretariat, before the tents are removed from the Stores.

*Note.*—Fees are payable for the days on which a tent is taken and on which it is returned.

5. Persons who have been permitted the loan of tents asked for, should take charge of them at the Government Stores. They will be held responsible to return the tents at the

Stores on the due date in the same condition as they were at the time of issue and will be liable for any loss or damage accruing to them from whatever causes during the period of the loan. They should make their own arrangements for the removal of the tents from and their return to the Stores. Government lascars will not be spared for pitching or other work but a lascar will be deputed to see that tents are properly used in cases in which such a course is considered necessary.

6. If the tents lent are required urgently for Government purposes, they should be returned within 24 hours on intimation of the necessity, when a proportionate amount of fees will be refunded.

7. Government reserve to themselves the power of remitting fees in the case of tents loaned to public bodies for functions of a public character.

8. The Secretary to Government, General and Revenue Departments, may summarily reject any application without assigning reasons therefor.

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.
